# CHECKOUT CART INSTALL INSTRUCTIONS FOR SHOPIFY® USERS

The below steps reflect instructions for specific Shopify store themes. Please refer to subsequent pages of this guide to identify your particular theme and the associated cart files and location for code placement.

## STEP ONE

### CREATE TEST THEME:

1. Log into your Shopify store
2. On the left panel, click **Online Store**
3. Click **Themes**
4. On the Current or Live Theme, click **Actions**
5. Click **Duplicate**
6. Under "Theme Library", the duplicate theme will be shown as "Copy of Your Theme Name"
7. Scroll down to the Theme Library section
8. Click **Actions**
9. Click **Rename** and rename this copy as "**InsureShield Test**"
10. If you want to preview this Theme:
  - a. Click **Actions**
  - b. Click **Preview**
  - c. To go back to the Themes page, please navigate back to the previous tab

## STEP TWO

### INSERTING CODE INTO TEST THEME:

1. Find your newly created "**InsureShield Test**" theme that was created in step one
2. Click **Actions**
3. Click **Edit Code**
4. Navigate to the **search bar** on the left-hand side of your screen
5. Search for **Main-cart-footer.liquid**
6. Use the find feature by clicking both **Control and F** on your keyboard and search for "**cart\_\_ctas**"; this will highlight that line of code
7. Create a new line above the "cart\_\_ctas" row by clicking the line above and clicking **enter**
8. Copy and paste the test div code `<div class="insure-shield-div">Checkout Cart will appear here.</div>` into the new blank line (This is a test code so you are able to see the placement of the Checkout Cart feature. This is not a working feature.)
9. To preview the placement of the code:
  - a. Navigate back to the **Themes page** of your Shopify store
  - b. On the "**InsureShield Test**", click **Actions**
  - c. Click **Preview**
  - d. Navigate to your cart. You should see "Checkout Cart Will Appear here" directly above the checkout button. If it's not in the correct space, you can go up line by line of code and paste the div code until it is in the correct position.
  - e. Click **Save**

# CHECKOUT CART INSTALL INSTRUCTIONS

## FOR SHOPIFY® USERS, CONTINUED

### STEP THREE

---

#### INSERTING CODE INTO LIVE THEME:

1. Navigate to the **Themes** page of your Shopify store
2. On the live Theme, click **Actions**
3. Click **Edit Code**
4. Navigate to the **search bar** on the left-hand side of your screen
5. Search for "**Main-cart-footer.liquid**"
6. Use the find feature by clicking both **Control and F** on your keyboard and search for "**cart\_\_ctas**"; this will highlight that line of code
7. Create a new line above the "cart\_\_ctas" row by clicking the line above and clicking **enter**
8. Copy and paste the div code `<div class="insure-shield-div"></div>` into the new blank line
9. Click **Save**
10. Navigate to the **Apps Page**
11. Click the **InsureShield App**
12. There will be a yellow box in the middle of the page to confirm you have inserted the code
13. Click the **checkbox**
14. Click **Submit**
15. To preview the code:
  - a. Navigate back to the **Themes page** of your Shopify store
  - b. On the live theme, click **Actions**
  - c. Click **Preview**
  - d. Add an item to your cart.
  - e. Navigate to your cart and look for the InsureShield Toggle above the checkout button.

### CONTACT US

---

If you have any further questions, please contact a UPS Capital® representative at **800-711-5912** or via email at **insureshieldsupport@ups.com**.

Reference the table below to identify the files that need to be edited in order to install the consumer checkout code into your **Shopify Store**.

Theme	Cart File(s) to be Edited	Keyword Search
Color Block Craft Crave Ride Sense Studio Taste Dawn	main-cart-footer.liquid	cart__ctas
Refresh	main-cart-footer.liquid cart-drawer.liquid	cart__ctas
Debut Minimal Venture	cart-template.liquid	taxes_shipping_checkout
Express Simple Supply	cart.liquid	taxes_shipping_checkout
Narrative	cart-template.liquid cart-drawer.liquid	taxes_shipping_checkout
Brooklyn	cart.liquid ajax -cart-template.liquid	taxes_shipping_checkout

Perform the keyword search and place the div code in the correct location in the cart file(s).

Theme	Code Placement Location
